

Functions **WITH MOTOR**

We love hosting events and have the ability to cater for groups of all different sizes here at Motor. The bar side of the venue can hold up to 70 guests, with the potential to add in the courtyard that can hold an additional 40 guests. The whole venue is available for private hire, which will attract a minimum spend. Each function is of course individual and your party is no different. We are flexible here so if there is something else you are looking for or would like to change, please let us know so we can discuss further.

We also have the option of running a bar tab based on consumption. Pre selected items can be chosen to create a menu just for you and your event, or up to a certain time or dollar limit, with either the host paying or guests paying for themselves.

PRIVATE DINING

Our private dining room can hold up to 12 guests and you will be required to dine from our 'feed me' menu at the cost of \$90 per person. Beverages can then be purchased on top and charged based on consumption. There is no hire fee or minimum spend for the room.

Beyond our private dining room, we can accommodate seated lunch and dinner bookings for groups of 13 to 40 guests in our main dining room. Ideal for celebrations, corporate events and special occasions, larger groups can enjoy the venue's atmosphere while dining together.

Can't find what you are looking for? Simply let us know what you are after and we will work with you to create a memorable event.
